

SMALL SLIDE HAMMER

To be used in combination with:

- # 600 240 Glow Plug Drill Kit M10x1
- # 600 242 Glow Plug Drill Kit M12x1.25
- # 600 245 Glow Plug Drill Kit M10x1.25
- # 600 248 Glow Plug Drill Kit M8x1

The Small Slide Hammer features a 2.5 LB weight and can be used in two ways. Use it with the handle vertically for regular pull. Move the handle horizontally to be able to use the slide hammer in narrow areas while still providing maximum pull. This makes the tool one of the more versatile small slide hammers on the market.
